YPSILANTI, MICHIGAN, THURSDAY, JULY 5, 1923

McAndrew A. Aug 22
302 Washington st S

Vol. 7, No. 46

GENTENNIAL IS NOW HISTORY

ABOUT 19,000 CROWD AMPHITHEATRE TWO NIGHTS OF PAGEANT.

Wednesday night drew the curtains on the last act of the four days' celebration of Ypsilanti's centennial in honor of her one hundredth anniversary. It is estimated that fully 25,000 people attended the pageant, in the natural amphitheatre north of the Normal college buildings, where, under the direction of D. L. Quirk, Jr., an outdoor stage was erected, equipped with appropriate scenery and electrical effect on a scale never before attempted in this part of the state. In seven episodes the history of Ypsilanti was produced by a cast of 400, starting from the days of the unbroken wilderness, through the years of the French and English reign, telling the story of the first settlers in Woodruff's Grove; the selecting of the name Ypsilanti; the dedication of the Normal college, the first normal west of the Alleghenies; the part that Ypsilanti took in the Civil war, climaxing with a beautiful setting picturing the history of Ypsilanti through a hundred years in its making.

Starting Sunday evening, union community services were held in Pease auditorium, where a large audience listened to a fine sermon given by Rev. Dr. A. W. Wishart, of Grand Rapids, appropriate to the occasion. Monday the old historic stage coach made the trip from Detroit to Ypsilanti, starting from the city hall in Detroit with letters from the mayor of that city, the Board of Commerce, Dearborn and Wayne Rotarians. The stage reached Ypsilanti at a little after 5:30, practically on schedule time, piloted by Representative Joseph Warner and Luman Seaman, with Miss Mary Hoover, Miss Josephine Forbes and Mrs. Spalsbury as passengers, notwithstanding that they were held up three times on the trip by gangs of Kiwanians and Roarians in a regular old fashioned western day holdup. At Gilbert park a large crowd was on hand to welcome them and a program carried out befitting the occasion. At 3:30 o'clock the local chapter of the Daughters of the American Revolution dedicated a boulder to the pioneers who settled at Woodruff's Grove, at the south end of Grove street. About 1 o'clock the Rotarians dedicated a boulder at the corner of Ballard and Emmet streets in honor of John D. Pierce, father of education in Michigan. In the evening at the Normal gym occurred the pioneer ball, attended by about 800.

Tuesday the pioneer picnic was held at Prospect park and in the evening the first performance of the pageant. Wednesday at 11:30 a barbecue was held at Recreation park, followed by a ball game between Ann Arbor and Ypsilanti professionals. Concert by Hart's band. In the evening the second production of the pageant and a display of fireworks.

During the four days' celebration hundreds of visitors were in the city, better than 800 registering at the Board of Commerce. The streets, residences and business houses, with few exceptions, were decorated and in the display windows down town practically ever inch was filled with old time relics of every description. One of the most interesting displays was at the Kiwanis cabin at Gilbert park.

It was a glorious tribute to a city that has passed through 100 years of joys and sorrows and at the present time stands forth as a city of beautiful homes, modern schools, churches, factories and business houses and an honor to those who so loyally gave their time and support in carrying out in every detail the one hundredth birthday of Ypsilanti.

EXPRESS PACKAGE STOLEN FROM RESIDENCE OF PROF. ROSS.

Prof. DeForest Ross reported to the police Wednesday evening that some one had taken an express package from their porch which had been left by the company during the family's absence.

ODD FELLOWS INSTALL OFFICERS FRIDAY.

The Odd Fellows will meet Friday night in regular session. Officers will be installed.

GUEST DAY FOR SIGNAL CORPS AUXILIARY.

The Signal Corps Auxiliary will meet Thursday, July 12, at the armory. Pot luck dinner at noon. A kitchen shower will be given. This will be guest day and each member is requested to bring a guest.

NO CLUE TO UTTER ROBBERY.

The barber shop of Ray Utter was broken into Monday night and \$5 in money taken. The police have no clue.

COUNTY PIONEER SOCIETY ELECTS OFFICERS TUES.

The Washtenaw County Pioneer society met Tuesday at Prospect park for their annual meeting. Mrs. Oliver Warner, Chicago, aged 91 years, was present. She rode from Detroit to Ypsilanti in a stage coach in 1835.

The deaths of pioneers reported for the past year were as follows: Ann Arbor, 73; Ypsilanti, 31; Bridgewater, 7; Ann Arbor township, 10; Scio township, 12.

Officers were elected as follows: President, Julius E. Beal, of Ann Arbor; secretary, Mrs. B. A. Finney, Ann Arbor; treasurer, E. D. English, Manchester. The vice-presidents were all re-elected, including W. H. Sweet, of Ypsilanti.

It was decided to meet in Ann Arbor next year.

WHY NOT A MUSEUM FOR CITY'S HISTORIC ARTICLES

The many rare and valuable articles making their appearance in the windows of the business houses during the four days' centennial celebration gives rise to the suggestion that arrangements be made to gather all articles of historic value to the city and place them where visitors and school children may have ready access.

A museum containing a history of Ypsilanti consisting of what has been on display and as much more gathered would add much to the city. Think it over.

PLAINTIFF WINS VERDICT IN PAINE-GRIFFIN CASE.

Justice Stadtmiller Friday evening rendered a decision in the case of George B. Paine vs. Charles Griffin and found that Paine could collect on a note purchased by him from J. H. Nicholson. Judgment was given Paine in the sum of \$22.45 and \$6.75 costs. The defendant contended that Paine was not a bona fide holder for value before maturity, and also that the note was taken in payment of an antecedent debt. The defendant also contended Nicholson used fraud in obtaining the note. The court found no evidence of fraud and that Paine was an innocent holder for value.

RHEUMATISM HIS ALIBI-\$5 FINE.

John Easterly pleaded guilty Saturday before Justice Stadtmiller to being drunk. John says he took some kind of liquid with herbs in it for rheumatism. He did not know exactly where he got the medicine, which happened to be a pint of moonshine. He paid a fine of \$5.

PETE HARRIS SENTENCED TO JACKSON PRISON.

Saturday Judge Sample in circuit court, Ann Arbor, sentenced Pete Harris to six months to a year in Jackson prison, with a recommendation of six months. Harris was arrested a year ago on a charge of violating the liquor law but allowed to go on his recognizance until sentence was pronounced. Recently he was arrested by federal prohibition officers in Detroit and given a 60-day sentence, from which he was just released.

HISTORY OF YPSILANTI IS SELLING READILY.

About one-half of the shipment of "The History of Ypsilanti," written by Rev. H. C. Colburn and for sale at the Board of Commerce, has been sold. No attempt has been made to deliver any of the orders. The books retail at \$1.50 and are selling readily.

DETROITERS ASTOUNDED AT PROPORTIONS OF PAGEANT.

Representatives of Detroit during the centennial were astounded at the proportions of the celebrations and at the completeness with which each event was carried out. Harry B. Campbell, Detroit Board of Commerce, declared himself highly delighted with what he had seen. Two groups of men from the Detroit recreation commission professed themselves surprised when told that the members of the cast in the pageant were not professionals.

DRUNK PAYS \$15 FINE.

Priest Tabor, locked up by officers on a drunk charge, was arraigned today, pleaded guilty and paid a fine of \$15 before Justice Stadtmiller.

DRIVER FINED \$10.00.

Donald Gilbreath, Ann Arbor, pleaded guilty this afternoon to a charge of driving 100 feet on a sidewalk seeking a place to park to witness the pageant last night and paid a fine of \$10.

TAKEN TO JACKSON TO ANSWER CHARGE.

Floyd Seaman and Alfred Tarr, who were arrested here early Monday morning for Jackson officers on a charge of running down a woman pedestrian Sunday night in Jackson, are in charge of Jackson police.

Centennial Sidelights

The way some of those Indians acted and the way they yelled many were inclined to believe they were drinking fire water. Anyway they acted like real Indians.

The ox team and wagon were busy Wednesday hauling children over the city. The ox team and driver were imported from Alpena county. They are the property of Mr. Carr, superintendent of the Alpena county schools.

Joe Warner drove the old stage coach Wednesday over the city and Recreation park. He always had a load of children on it.

The pageant was insured against rain both nights. As it did not rain the insurance company won the bet.

Chief Connors, traffic officer extraordinaire, desires nothing but peace and quiet after his hectic activities of the past four days. Although countless motors paraded the streets and clustered near every event not an accident was reported. Chief Connors, the police force and the Signal Corps are to be complimented on their efficiency in handling the traffic.

Several youngsters became separated from their parents during the two nights of the pageant but their vocal efforts and the omnipresent police saved the situation.

Spectators at the pageant Tuesday and especially Wednesday nights had their attention diverted by the whole-hearted wailing of numerous infants who could not be expected to be interested in the city's early history.

Babies are bound to voice their complaints because said complaints are of utmost importance to them. Several were spanked publicly with disadvantageous results. One mother was observed to retire precipitately with her offspring.

Notices in the papers to the effect that babies were not to be allowed at the pageant seems to have brought the whole crop out.

About 7,500 partook of the roast ox at the barbecue at Recreation park yesterday. Line formed at the right. Tanks filled at the station. No parking allowed. Mustard at the other end of the line kept them moving.

Tat Hawkins, Indian barbecue chef, was a wonder. He handled the barbecue for the governor of Oklahoma Jan. 1. Said that our meat cutters were the fastest he had ever worked with. Said meat cutters were the city's leading butchers. They brought their own tools and cut up nicely.

About 2,200 pounds of beef were served in sandwiches. Quantities of mustard peped things up.

Edging in was a game played each night at the pageant. Between each episode it was the custom to stand and stretch. Sitting down again one found entirely new surroundings, unfamiliar bumps, new feet, etc.

Audible comments on the cigars, pipes and cigarettes occasionally pierced the din made by sundry infants.

Numerous petting parties graced the outskirts of the crowd.

The fireworks were purchased by the B. of C. from the Martin Fireworks company, Fort Dodge, Iowa. Aside from that display little powder seems to have been burnt yesterday.

Firecrackers are slowly but surely losing out and the celebration of the Fourth is turning to safer and saner means.

The last attraction, a great blazing "Come Again," ignited on a scaffolding was well meant but the city's bicentennial is a long way off.

It took all three of the Normal college gymnasiums to hold the crowd at the centennial ball. In the grand march 209 couples paraded.

Two orchestras furnished the music. One played for the minuets, quadrilles, waltzes, two-steps and similar dances, as rare now as the costumes worn at the ball and the other jazzed for the younger generation. Strange to say, the former was the better patronized. Clothes of the early nineteenth century are a distinct discouragement to "modern catch-as-catch-can" dancing.

Jim Hart's Ypsilanti band and the Ford Tractor band furnished music at the parks and each night the Ritz orchestra of Detroit furnished ultra dance music on South Washington street. The tintinnabulations of this orchestra are guaranteed to heat the blood of anyone.

Pavement dances are strongly advocated by the cobblers.

Jack Dunn's U. of M. Stars went out in order and Ypsilanti's aggregation took the game 6-5 at Recreation park Wednesday.

Johnny "Bum" Hipp won the pony race despite the handicap of his name.

Henry Ford and son, Edsel Ford, attended the pageant Wednesday evening. It was rumored Monday that Mr. Ford would ride in the stage coach from Detroit—possibly to compare its riding qualities with that of his own vehicle.

Three holdups marred the triumphal progress of the stage coach Monday. Dearborn's dashing horsemen effected a spectacular robbery, but gave up something to eat. Wayne and Ypsilanti's delegation on fast horses also did their stuff in the approved style.

COUNCIL PAYS BILLS.

ADJOURS TO FRIDAY

The city council met Monday evening with just a quorum present and after voting to pay all bills under claims and accounts and those signed by the commissioners and committees and the labor bills of the third district highway, approved a motion to adjourn.

An adjourned meeting will be held Friday evening, July 6, at 7:30 o'clock.

ROTARIANS DEDICATE J. D. PIERCE BOULDER

Ypsilanti Rotarians at an impressive ceremony Monday noon dedicated a boulder which they placed on the site of the home of Rev. John D. Pierce, "Father of Education in Michigan," at the northwest corner of Emmet and Ballard streets.

The presentation address was given by Charles McKenney, president of the State Normal college. President McKenney eulogized Rev. Pierce, dwelling upon his connection with this city during the 17 years of his residence here. Mayor E. R. Beal gave the speech of acceptance and on behalf of the city accepted the boulder.

D. Z. CURTISS ENDS TERM AS JUSTICE MONDAY

The term of Justice D. Z. Curtiss expired July 4. He has been justice the past eight years and in that time has decided a large number of cases with marked success.

Very few of the cases appealed have been reversed by a higher court. Justice Curtiss was not a candidate for re-election but was elected as supervisor from Ypsilanti township. His successor as justice is A. M. Vandersall.

DRUNKEN DRIVER GETS JAIL TERM.

Carl Dozier, who says his home is in Kansas City, Mo., was found guilty Tuesday before Justice M. B. Stadtmiller of the charge of driving an automobile while under the influence of liquor and with no driver's license. He was sentenced to pay a fine of \$100 or serve 65 days in the Detroit house of correction. Officers said he could not afford to pay the fine.

Mrs. Wm. Kishlar presented the boulder to the city and spoke briefly of the Woodruff's Grove settlement. Mrs. Amanda Morton Holmes unveiled the boulder. Mrs. Holmes is the oldest resident of Washtenaw county and located on the site for the D. A. R. Mr. J. P. Kirk, acting for the mayor, accepted the gift in behalf of the city and paid a glowing tribute to the pioners.

Among the guests were members of the Sarah Caswell Barron chapter of Ypsilanti's last lamp lighters.

Thayer. The services closed with the last verse of America and a prayer.

STUDENT JAILED FOR RIDING BICYCLE ON SIDEWALK.

Will Jones, a student, was jailed yesterday by Officer Wm. Vay for riding a bicycle on the sidewalk. He pleaded guilty before Justice Stadtmiller and paid a fine of \$5.

RUNAWAY AUTO DISTURBS DINERS MONDAY NOON

Monday while Mrs. Emma E. Schock and daughter, Genevieve, were quietly eating their dinner they felt a very heavy jolt against the side of their house, facing Maple street. Upon investigation it was found that the automobile of Mrs. Anna Schaner had crashed into a downstairs bedroom and made a hole big enough in the side of the house for several men to enter at one time.

The automobile had been left parked in front of Mrs. Schaner's residence and in some way the brake became loosened and the car ran down the street and into the Schock dwelling.

BIDS RECEIVED FOR PAVING WASHTENAW RD.

Bids for the paving of the Washenaw avenue road and the Whitmore Lake road were received Monday morning in the board of supervisors' room of the courthouse, Ann Arbor. Recommendations were forwarded to the state highway department Tuesday and it is believed that the contracts will be awarded this week-end.

Seven bids were taken on the central feet of the Washtenaw road. Three of the bids were for bituminous concrete pavement and the remainder were for plain concrete. Bids were also taken for widening portions of the Washtenaw road in both Ann Arbor and Ypsilanti.

SCHOOL CENSUS SHOWS INCREASE OF 148

Statistics recently compiled by Superintendent A. G. Erickson show that there is an increase of 148 pupils of school age in Ypsilanti over last year. Last year there were 2,053 children of school age in the city. This year there are 2,201.

In the first ward there are 493; second, 357; third, 422; fourth, 247; fifth, 483, and rural, 199. The school census includes all school children aged five to 19 years, inclusive. All wards showed an increase.

This increase means an increase in the amount of primary school money due the city for next year. Last year and the year before the census was practically the same.

Will The Record please inform me what firm in Ypsilanti sells "Hero enameled graniteware?"

It may lead to the discovery of a bank of robbers who purchased a piece of that ware there.

D. A. R. HAS IMPRESSIVE DEDICATION CEREMONIES

The local chapter of Daughters of the American Revolution held most impressive services Monday afternoon when they dedicated a boulder to the first settlers in Washtenaw county at the site of Woodruff's Grove, corner of Grove and Prospect streets.

The boulder stands on a triangular piece of land recently deeded to the city by the descendants of L. Z. Foerster as a park, and faces the old Foerster home, commanding three highways, Prospect, Grove and the Belleville road.

About 400 Ypsilantians and their guests gathered for the dedication. The Ford band rendered "The Stars and Stripes Forever" and the bugle call was given followed by a verse of "America." Rev. Harvey C. Colburn offered prayer and children of the city schools sang "America the Beautiful."

The park was presented to the city by Mrs. Max Harris, granddaughter of L. Z. Foerster. Mrs. James Campbell, Grand Rapids, state chairman of committee to mark historic spots of the D. A. R.,

FORD GREEN ISLAND EXPANSION RAPID.

Requirements of the Ford Motor company for increased manufacture will bring a rapid expansion of the company's plant at Green Island, N. Y.

When the plant is ready to operate at its full capacity it will take its place as one of the dominant manufacturing institutions in the country, the announcement p was made.

At present production is limited to that of radiators and ring gears, employing 625 men, but this force will be increased as soon as new machinery is installed.

A new department will soon be opened for the manufacture of springs and will give employment to 400 additional men.

Extensive improvement and development of the waterways in the Green Island section also is contemplated by the Ford Motor company and will include an all-water route to Detroit. The property will be flanked by a massive concrete water front and this dock system will be equipped with cranes and other paraphernalia to be employed in extensive water shipments.

Construction of all new Ford plants on sites with abundant water supply significant of the part navigation and electrical power will play in the future expansion program of the company.

The Green Island hydro-electric plant, erected in 1921, after the government granted permission to the company to utilize the power from the dam at Troy, new houses four uniquely designed low-head turbines which are the largest of their type in the world. They operate as "double current" generators, producing both alternating and direct current. The capacity of the power house is 8,000 horse power.

The plant area at Green Island is 189 acres and the manufacturing building is 120 by 1,100 feet. It is operated exclusively by electricity, even to the heating.

BELLEVILLE

A very pretty wedding took place at the home of Mr. and Mrs. Irving H. Riggs Wednesday afternoon of last week, when their daughter, Rachel, was united in marriage to Richard Hamilton, of this place. The happy couple have the best wishes of their many friends.

Robert Stewart Clark, son of F. H. Clark and who is attending the U. S. Naval academy at Annapolis, Md., is now on the annual summer practice cruise and will visit Copenhagen, Scotland, and will visit the old home of his grandfather, James Stewart, at Glasgow, and also make stops at Portugal, Spain and Africa, and Gibraltar. The trip will be quite a schooling for Stewart.

Miss Gertrude Goodrich has so far recovered from typhoid fever that her nurse has been discharged and it is hoped she will gain rapidly.

A very quiet and well planned wedding took place at the M. E. church Thursday afternoon of last week when Ruth M. Pullen, of this place, and Wilber Sherman of Willis, were united in holy wedlock amidst over 100 relatives and friends. Miss Gail V. Clark, of Arbor acted, acted as brides-

man, while little Louise May was ring bearer. The church was beautifully decorated with Dorothy Perkins roses and ferns as well as the dining parlor which carried out the color scheme of pink and green in very elaborate decorations, which under the electric lights was very effective. A dainty luncheon was served by young ladies, cousins of the bride, who acted as waiters. Many very useful and expensive gifts were bestowed upon the happy couple, together with heartiest congratulations from all.

They left on an auto trip that evening. Miss Juanita VanSchoick is still very sick with typhoid fever and has not regained consciousness.

Mrs. Alice Day went to Detroit Tuesday to remain at the home of her son, F. S. Warner, until after the Fourth.

Mr. and Mrs. L. J. VanSchoick and son, Franklin, spent the Fourth at Coldwater with relatives.

The Past Matrons' association will meet at the home of Mrs. Myra Ruthruff Thursday afternoon of this week.

Miss D. E. Morrison, of Ypsilanti, was a Sunday caller on Juanita VanSchoick.

Miss Inez Ruthruff and a lady friend of Detroit were week-end visitors of her parents, Mr. and Mrs. L. E. Ruthruff.

A shower of postal cards was tendered Mrs. Emma Williams, of Model district, in honor of her eighty-first birthday Monday of last week.

Oakley VanSchoick is slowly recovering from typhoid fever and will soon be able to sit up.

Fred Artley, who is at Beyer hospital, is improving slowly.

A. A. Day was taken to St. Joseph's hospital Thursday of last week, where he underwent an operation and at present writing is doing nicely.

Mr. and Mrs. O. L. Austin, Jr., and daughter, Margaret, Dearborn, were Sunday visitors of Mr. and Mrs. Herbert Robb.

WALK-OVER

Something new, men!

Michigan Happenings

A wireless telephone, the first to be installed for service lighthouses on the Great Lakes, has been received by C. Wesser, radio operator, first class, of the U. S. S. Amaranth, docked at Marquette for repairs. The installation will be made in the Marquette lighthouse and will connect with the station on Stannard Rock, 45 miles out in Lake Superior. It will provide entertainment for light-house keepers and their assistants enabling them to tune in for radio concerts broadcasted from all stations in the United States.

Saginaw went back to the street car form of civic transportation voting a franchise by three to one, to a company to be organized with a majority of the directors local men and which must be in the field within a few months. Almost two years ago, August 10, 1921, street cars ceased to operate in this city and since that time the Saginaw-Bay City railway company has gone into bankruptcy, the cars have stayed in the barn and the rails have rusted.

The first Sunday school convention in this county in several years was held at Wellston last week. J. H. Engle, secretary of the Michigan Sunday school council, was the principal speaker. Dr. W. J. Atkinson, pastor of the Methodist Episcopal church, is president of the county organization, formed to promote the convention, and Miss Ruth Richmond, Onekama, is secretary.

Failure of officials at M. A. C. to furnish detailed, explicit information as to the arrangement whereby certain county agents, having charge of agricultural college extension work are paid part of their salaries by the local farm bureaus of the counties may result in the cutting off of state funds for extension work until such information is furnished the state administrative board.

Elaborate plans are in progress for the annual encampment of Boys' and Girls' clubs, to be held at the upper peninsula experiment station, Chat-ham, August 6 to 11, in connection with the fifth annual Farmers' Round-up for the upper peninsula of Michigan. It is expected that about 250 boys and girls, representing every county in the upper peninsula, will be present.

The tentative itinerary adopted by the tour committee of the Michigan State Horticultural association provides for a trip of more than 300 miles by the fruit men August 7, 8 and 9. The tour will include some of the best tree and small fruit farms in Kent, Ottawa, Muskegon and Ionia counties. Several air and ice cooled storage plants will be visited.

Harrison Bedford, Jr., two and one-half-year-old son of Harold Bedford, proprietor of the Eagle hotel, Grand Rapids, plunged backward in his father's car over a 50-foot embankment of the river entrance to the pier at Charlevoix. He escaped without a scratch, although the car was wrecked.

Tuscola county farmers will conduct a potato demonstration at Caro to compare crops from certified seed in yield and freedom from disease. J. W. Sims, county agent, has obtained 25 bushels of certified Petoskey Rus-set seed potatoes from the Petoskey Growers' exchange for the test.

Three thousand people attended the opening of the Alpena county rest station at Alpena last week. The station was dedicated to the use of the farmers of the surrounding district. The county nursing service and other activities will have headquarters in the building.

Excavation work has been started on the Colgrove highway from Sandusky to the shore. This road is known as M-46 and crosses Tuscola county by way of Richville through Indianfield, Wells and Kingston.

Announcement has been made of the appointment of Walter A. Terpenning, of the faculty of the University of Michigan, to a place on the faculty of Western State Normal, Kalamazoo.

The first duplex wireless telephone in the world by which uninterrupted conversation may be put to practical use now is in operation between the Battle Creek and Jackson plants of the Consumers Power company.

Michigan's state tax levy for 1923 will be approximately \$16,000,000, according to estimates made by Governor Groesbeck, after receiving a report from Auditor General Fuller showing that the total of appropriations bearing tax clauses amounts to \$17,300,000.

A "Better Babies" week campaign will be held in Ingham county soon. Free clinics will be held by Dr. Lucy Elliott at Stockridge, Dansville, Leslie, Onondaga and Mason.

The State of Michigan gets \$2,043 in a mortgage tax and the county of Calhoun \$125.85 as a registry fee from the \$50,000,000 mortgage given by Armour & Co., of Chicago, incorporated in Delaware, to cover a bond issue of some months ago. Property in Michigan to the amount of \$408,360 is covered also in the trust mortgage and, therefore, the mortgage had to be filed in this state as well as in other states where the company owns property. The mortgage runs 20 years and draws 5 1/2 per cent interest.

Testing of the Michigan law which places bus lines under the supervision of the Michigan public utilities commission was started at Pontiac last week, when owners of several lines operating out of Pontiac and Detroit filed an injunction suit in circuit court here. They ask that the commission be restrained from interfering with business, if they fail to file petitions to come under the law. Legal points tending to show the law is unconstitutional are set up in the action.

A medal was conferred, by General Moseley, commander of the sixth corps area, on Sergeant S. Forbes, company A. R. O. T. C., who saved the life of Joseph Fitzgerald, 11 years old, of Kalamazoo. The lad was bathing at the LaBelle resort, Gull Lake, when he stepped into a 20 foot hole. Sergeant Forbes, in his uniform, swam out to the drowning boy and succeeded in keeping him above the surface until rescuers arrived in a rowboat.

In 1911 the legislature enacted a law to authorize the employing of prisoners, on highway construction. Under this act inmates of the Jackson and Marquette prisons and the Ionia reformatory can be leased for not less than 50 cents a day and their board to county road commissioners in counties that have adopted the road construction system, and to boards of supervisors in counties that have not done so.

Thirty-four Masonic lodges in central Michigan have been invited by Alma Lodge number 244, F. and A. M., to a picnic July 11. It will be the biggest Masonic event of its kind ever attempted in this part of the state. Six bands will furnish music during the day and evening. The grand lodge of Michigan has been asked to furnish a speaker for the day.

Members of the Michigan Bankers' association with their friends and guests to the number of 381 returned to Detroit, on the Steamer Noronic of the Northern Navigation company's fleet, aboard which the association's thirty-seventh annual convention was held while the steamer was bound from Detroit to Mackinac, Kilarney and Owen Sound.

A report submitted to the State Administrative Board by the Accounting Division shows that the State has tentatively authorized highway work which exceeds by \$11,597 the money it will have available this year, including the \$5,000,000 bond issue recently authorized but not yet sold.

Harold Haas, 8-year-old son of Frank Haas, farmer, residing three miles southeast of Standish, was run over by a roller, on his father's farm and killed. A bolt of lightning frightened the horses, causing them to run away, throwing the boy in front of the heavy roller.

Henry Wilkie, 60 years old, a pioneer grocer of Escanaba and an ardent base ball fan, became so excited when a member of the local team made a two-base hit, bringing in two runs and tying the score with Gladstone, that he dropped dead in the ball park.

Between three and four hundred motor bus concerns in Michigan will be forced out of business before Aug. 1 by the terms of the new bus law, W. W. Potter, chairman of the Michigan Public Utilities Commission, asserted.

Rebuilding of the Dixie highway south of Flint was started when 20 trustees from Jackson prison began the construction of three camps in which the 150 convict laborers who will be sent here will be housed.

Toino Soloman, contractor and large timber owner, was shot and killed in the woods 15 miles from L'Anse by Lester Lipponen, who mistook Soloman for a deer. Lipponen was hid in the top of a tree.

Edgar Stark, a member of the 1923 graduating class of the Eaton Rapids high school, has gone to Fort Sheridan to take the West Point entrance examinations.

Arrangement are under way to equip the Blanchard school with a twelfth grade this year.

Mr. and Mrs. O. B. Hubbard, of Durand, last week celebrated the fifty-eighth anniversary of their marriage. They have lived in the county 57 years.

The steamer E. G. Crosby, oil burning vessel recently acquired in Florida waters, arrived at Muskegon last week on its first trip over the Muskegon Milwaukee route. It is an ocean-going ship remodeled for Great Lakes traffic and is excellently appointed. Freight facilities will be greatly increased.

EDISON-FORD PLAN UNFAIR TO FARMER

Third Article Shows How Credit
Test Would Fail Him in
His Need.

The unfairness to the farmer of the Edison-Ford "commodity money" scheme, although ostensibly aimed to improve his economic position, is discussed in the present article, which is the third in a series prepared by the American Bankers Association, reviewing the exposure of the weaknesses of the plan as presented by William T. Foster, Director of the Pollack Foundation for Economic Research.

Briefly, the plan, sponsored by Thomas Edison and Henry Ford, would provide for Government warehousing of basic commodities, against which currency would be loaned, during storage, to the producer without interest, up to half the average value of the products for the previous twenty-five years. On the other half of the value the producer would receive certificates which he could sell or use for bank loans.

Restricted Credit

In that provision allowing for Government loans only up to half the average value for twenty-five years Mr. Foster finds particular weakness in the scheme. He points out that prices have risen so high since 1896 that the farmer could borrow on most products much less than half the present value of the products—much less, in fact, than he could borrow directly from the banks. Loans on the other half the value, which would be on virtually a second mortgage basis, he says, would not be desirable for the banks.

"The plan is not fair even to farmers; it involves unjust discrimination," Mr. Foster says. "The Edison plan fixes the loan values of all products absolutely, uniformly and arbitrarily. It ignores the relative prospects of different commodity markets. Only by the merest chance would such a method give a fair loan valuation. Fifty per cent of the average price for the previous twenty-five years would be too high for some commodities and too low for most of them. With such details the Edison plan is not concerned."

Banks Fairer to Farmers

"The general practice of the banks is not only fairer to farmers, but it is sounder business. There is no justification for basing the loan value of anything upon average prices in past years. Sound banking practice looks to the future. A bank—for the protection of its depositors, if for no other reason—must consider above everything the prospects of getting its money back. And a farmer's prospects of repaying a loan from the sale of his product depend entirely on future prices, not at all on past prices. Last year's runs do not count in this year's game."

As to the claim that the Edison plan would curb speculation in farm products, Mr. Foster says:

"There is nothing in the Edison plan that would tend to abolish speculation. Even after the farmer had stored his products and obtained a loan from the Government, he would still be free to sell his products outright to speculators. The farmer would have all the inducements to sell that he has today, and speculators would have all the inducements to buy."

"Clearly, then, the Edison plan would not provide a money that is sounder than gold money; it would not provide a money less subject to fluctuation in value; it would not enable farmers to obtain larger loans than they can now obtain; it would not divorce agriculture from the banking system; and it would not eliminate speculation in farm products."

PAPER MONEY PIPE DREAMS

By JOHN OAKWOOD

Hitting the pipe seems like the greatest way in the world to get something for nothing—a whole paradise full of joy for a few whiffs of opium smoke. But—*

By the way, the big lure about flat money is that it seems to promise about as much for nothing as a whiff on the pipe. They are just coming out of such a dream now in Germany.

Here is the way that German soft money dream goes. Say in 1913 a man put a ten year mortgage for 20,000 marks on his farm. Marks were then worth, in gold, about four to the dollar. The debt, therefore, was equivalent to about \$5,000.

In the ten years since that debt was contracted, the German Government has published, so to speak, trillions of paper marks. What happened? What would happen to the price of eggs if they had a hen at Washington laying a billion eggs a day—even if they put a government stamp on them saying eggs were worth a quarter a piece? German marks have gone down from four to the dollar to 120,000 to the dollar.

Here is where the pipe dream gets

called on relatives in Northville and Waterford Sunday.

Miss Hannah German and Miss Ethel Tyler, of Bay City, were callers in Mrs. A. E. Austin and Miss Una Austin Sunday.

Mrs. John McCalla, of Detroit, and Mrs. Bert Leeder, of East Michigan avenue, called on Mr. and Mrs. Frank Stockdale Sunday.

Mrs. Cora Campbell and Mr. and Mrs. Will McDonald, of Detroit, spent the 3rd and 4th with Mr. and Mrs. Charles Campbell.

Mr. and Mrs. Jerome Vail, of Belleville, were with their daughter, Mrs. Harry Meier, part of last week.

Mr. and Mrs. Frank Stockdale are spending the week with their daughter, Mrs. Ed. Batway, at Ypsilanti.

Mr. and Mrs. G. W. Smith and

Mr. and Mrs. J. A. Haycock were

guests of Mr. and Mrs. W. E.

Gotts at dinner Wednesday.

Sunday Albert Day, Mr. and

Mrs. Charles Campbell and son,

Edward, went to St. Joseph's hospital, Ann Arbor, to see the former's son, Allie Day, of Belleville,

who underwent a minor operation.

Tuttle Hill Birthday club will

meet with Mr. and Mrs. Harold

Youngs Friday evening, July 6.

Mr. and Mrs. Cris Howe, of De-

troit, were Sunday dinner guests of

Mr. and Mrs. R. A. Canfield.

Mrs. Charles Campbell spent

Monday afternoon with her brother,

Allie Day, who is at St. Joseph's

hospital, Ann Arbor.

Mrs. Joseph Towler and son,

Frank, visited her sister, Mrs. Frank

Monaghan, at Geddes Sunday.

Mr. and Mrs. John Cosgrove

called at Alex. Hazlett's, near

Stony Creek Sunday night.

Peter Stomel and a party of De-

troit friends spent Sunday with

Mr. and Mrs. Gus Stratton.

Mrs. Nellie Ryan and son, Jerry,

and granddaughters, Dorothy and

Olive Dunn, visited the farm Sun-

day.

Mr. and Mrs. Dan O'Brien, Mr.

and Mrs. Leo Salaske and Miss

Gertrude O'Brien called on Dan

O'Brien and family, of Oakwood

avenue, Ypsilanti.

Mr. and Mrs. B. A. Canfield en-

tertained at supper Sunday for Mr.

and Mrs. Ralph Wright and Miss

Fay, of Lansing, and Mr. and

Mrs. Elmer Wright and sons, Ber-

ton and Alton, and Mr. and Mrs.

Claude Wright and little daughter,

Marian, of Dixboro.

Little Alice Darling, of Detroit,

is visiting her grandparents, Mr.

and Mrs. O. R. Darling.

Theodore Hinch and son, of De-

troit; Wm. Hinch and sons and Carl Stockdale went to Independent

Lake Sunday on a fishing trip.

Forest Willis was the guest of

Mr. and Mrs. W. E. Gotts at 6

o'clock dinner Tuesday.

Wilbur Tuttle, of Jackson, called

on his parents, Mr. and Mrs. J. C.

Tuttle Friday evening.

The many friends of Mrs. Lena

Schriewe Mott, of Berkeley, Calif.,

were glad to meet her at church

Sunday morning. With her two

children, she is the guest of Mr.

and Mrs. R. E. Gorton.

Mrs. Gertrude Reed, Mr. and

Mrs. Charles Reed, of Detroit,

were Sunday night luncheon guests

of Mr. and Mrs. W. H. Boutell.

Haying and fighting potato bugs

and cucumber and melon vine

enemies are keeping folks on the

farm busy. Grain is ripening

rapidly.

Miss Helen Campbell is home

from a three weeks' stay with Mr.

and Mrs. Elbert Portis, of Caro.

Mrs. Fred Kenny, of Detroit, was

the guest of her sister, Mrs. Bates

Fulton, last week. Saturday Mr.

Kenney came out and spent the

week-end and Monday he and Mrs.

Kenny returned home.

Miss Eva Dansingburg, of

Seattle, Wash., spent Thursday

night with Mr. and Mrs. J. C.

Tuttle and Friday with Mrs.

Alice

Darling.

She will spend the sum-

mer with her aunts, Mrs. Jennie

Fletcher and Mrs. Florence Stu-

mphenus, and visit relatives and

old friends through this section of

Michigan.

Mrs. John McCalla, of Detroit,

and Mrs. Bert Leeder, of East

Michigan avenue, called on Mr.

and Mrs. Frank Stockdale Sunday.

Mrs. Cora Campbell and Mr.

and Mrs. Will McDonald, of De-

troit, spent the 3rd and 4th with

Mr. and Mrs. Charles Campbell.

Mr. and Mrs. Jerome Vail, of

Belleville, were with their daughter,

Mrs. Harry Meier, part of last

week.

Mr. and Mrs. W. E. Gotts

spent Sunday with their brother,

Decatur Gotts, and family in De-

troit.

SEASONABLE RECIPES.

If you want good cucumber pickles gather the cucumbers when two inches long and put in glass fruit jars. To every quart of cucumber put one teaspoonful of alum and one tablespoonful of salt dissolved in cold cider vinegar to fill up the jar. These pickles keep well and will not become soft.

To make good cabbage salad chop fine one pint of good crisp cabbage and one gill of onion. Add salt, pepper and a dash of red pepper also, and enough salad dressing to make quite moist, yet not juicy. It is relished by everyone and costs but little.

If you want good dressing for salads make any good cooked salad dressing, then when ready to make salad add equal parts of thick sweet cream to the dressing and beat until creamy. If your cream is too thin to whip properly add the unbeaten white of a fresh egg. This produces an excellent creamy whip and is also much more nutritious.

In cooking fruit not half the quantity of sugar is needed if it is added after fruit has cooked and is yet warm, and in sweetening acid fruit a little soda put in first will

lessen the amount of sugar required.

When taking long automobile rides carry a small bottle of rosewater and glycerine in which a little boric acid is dissolved and wipe the face with it occasionally.

It cleanses the face and removes the oily shine that a dainty woman loathes.

Also carry along a bottle of boric acid solution prepared by dissolving a heaping teaspoonful of granulated boric acid in a pint of boiled water and use for bathing

the eyes to remove the dust and keep them from becoming inflamed and sore. For chafing heat, hives and all such skin irritation there is

nothing better than this solution applied with a soft cloth and allowed to dry on.

A good remedy for cooling the blood is a teaspoonful of cream of tartar in water, as this frequently gives efficient relief.

For a sudden attack of diarrhoea there is nothing equal to a table-spoonful of raw flour in a glass of cold water, to be taken in two doses half an hour apart.

For children teething brown a table-spoonful of flour in the oven and feed the child a little of the

hour every hour. It will check the diarrhoea and is perfectly safe to use.

DANGER FROM ILL ADVISED LEGISLATION.

Fire insurance affects directly the protection and credit of every individual.

Representatives in legislatures are prone to believe that every evil or every practice that they think is evil, can be remedied by legislation. They wish to regulate by statute personal and business conduct of every kind. Laws are piled upon laws; proposals for state and municipal ownership in various fields, and other paternalistic measures are common. In Arizona a bill for a state cement plant and another for a state fund insuring state employees were introduced recently; in Colorado it was urged that the state should write automobile insurance; and a similar bill was introduced in Massachusetts, where an effort was made to compel insurance companies to invest 40 per cent of their premiums in dwelling houses.

In theory these measures are appealing, but in practice they tend to disturb business. Insurance is the basis of credit. When a man has a fire and his property is insured he wants his money at once. Insurance reserves must be kept in assets that can be turned into cash immediately. If 40 per cent of insurance companies' funds were loaned on dwellings, and a conflagration should strike a community during a period of depression, it would be impossible for the companies to convert their mortgages into cash with sufficient speed to pay insurance as promptly as would be desired.

This illustrates an ill-advised measure which would undermine the stability of a business that is vital to the nation.

WHY DODGE THE ISSUE?

The new income tax figures tell a plain story with a plain lesson. In one year the number of Americans paying taxes on incomes above \$100,000 decreased from 3,600 to 2,300. That is a loss of 1,300.

The governments of the United States are practically inviting people to evade their taxes by seeking relief through investment in tax-free securities.

The governments, local and national, lay before the man of large income a great mass of their securities every few days, and say to him:

"If you will hand over some of your money in exchange for these securities we will see that you pay no taxes on the income that you draw from the loan."

Many taxpayers accept this invitation and thus evade, or dodge, taxes, thereby unloading a fierce tax burden on the rest of us.

So long as the governments impose taxes, and at the same time offer a ready way out, the present abuse will go on.

Politicians who rage against rich-tax dodgers, and then vote for tax-free securities are merely beating the air, and they know it.

EPITAPH.

Poor Jazz is dead. It bumped the bumps. We miss it like the flu or mumps. We miss the weird, uncanny groans of dissipated saxophones; the ghastly grunts and mangled moans of cellos, cowbells, slide trombones; the wild, unearthly shrieks and squalls; the

brash, air-piercing caterwauls. Oh yes, we miss them, sure we do—w'd miss ear ache and gum boils, too. Barbaric yawns of Whitman ilk compared with jazz were soft as silk. It sounded more like dying wails or pulling dusty iron nails. 'Twas like a hungry mule's he-waws or like some cuss was filling saws; some dog beset to bay the moon; some love-lorn cat's nocturnal tune; some skinny old sow's mournful squeal; some titman begging for his meal. The man who built a noise like that is two-thirds coyote—one-third cat. With forbears such as that guy has, the natural result is jazz. I'm not surprised it's underground, it never was a healthy sound.

TOO MANY LAWS.

One of the strongest political tendencies of our time is the suddenly increased faith of legislators in the power of laws to enforce themselves once they are reduced to writing. No belief has been so continuously and thoroughly disseminated, yet none is so alarmingly alive. Every political philosopher from Montaigne's day to this hour has recognized that the best government is that conducted with the least law and machinery.

A multitude of evils attend the naive faith of legislatures in the auto enforcement capacity of law as represented by words on a piece of paper. One is an inevitable weakening of respect for a government born of a disregard for its more outlandish aspects. Another is the uninterrupted encroachment of government on the governed. A third and most distressing evil is the appalling expense attending the creation of multitudinous new bureaus and offices provided for.

The time may come when a candidate pledging himself to nothing but the repeal of two laws for every one created will be generally supported.

AMERICAN LEGION CHILDREN'S BILLET.

The home life at the American Legion Children's billet at Otter Lake is as near that as it is possible to make it. Of course, in a large family there are always duties to be performed and lessons to be learned, as well as pleasures to be enjoyed; and that is true in the American Legion family also.

The institutional features are eliminated in so far as possible, and yet some general rules have to be observed. The children arise in the morning and retire at night at a fixed time, and meals, rest and recreation are also carried out on a general schedule, without being so rigid as to be uncomfortable, or to require the thought of discipline to be constantly in the minds of the children.

One of the pleasant features of the day's work is an hour devoted to nature study at first hand. These studies are supplemented by hikes into the fields and woods where the particular bird or plant being studied is seen in its natural state.

Every child committed to the care of the legion will be developed in all that goes to make ideal citizens.

MORE GLASS FOR FORD AT GLASSMERE.

A new furnace, grinder and polisher has been installed in the Ford glass factory at Glassmere, Pa., and will bring increased production there. The Glassmere plant makes about 7,000,000 square feet of glass annually, about one-third of the requirements of the Ford Motor Company.

FORD IGNITION IN SMITHSONIAN INSTITUTION.

At the request of the Smithsonian Institution the Ford Motor Company has forwarded a working model of the Ford ignition system for installation among the collections at the National museum, Washington, D. C. The Ford magnet is unique in many respects.

Because of its simplicity and the certainty of its operation it has long been singled out as unusual in car magnetos.

Between the two Banks

111 Michigan Avenue, Ypsilanti

"INTERNATIONAL BANKER" A MYTH

Otto H. Kahn Refutes Idea That Foreign Finance Activities Dull Allegiance to America.

BANKING REFLECTS BUSINESS

"International Farmer" and Other Business Men Who Sell to Foreign Markets Create Demand for International Financial Service.

The idea that bankers engaged in financing foreign trade and in handling foreign bond flotations are a particular cult of "international bankers" actuated by motives differing from those of other bankers was refuted recently by Otto H. Kahn of New York, in an address before the Rochester Chamber of Commerce.

"There is no such thing as an 'International Banker' in America, as the meaning of the term is generally understood," Mr. Kahn said. "He exists in the imagination of people all too numerous, but he does not exist in the flesh. You might just as well speak of the 'International Farmer' because the farmer sells a certain percentage of his crops to Europe, or of the 'International Manufacturer.'

"The banker maintains, and can maintain, international contact, and conduct international business, only to the extent that American industry, commerce and agriculture are international. True, the banker must take within his purview continuously the conditions of affairs and the current of things throughout the world, but so must the exporter and importer, and so must the farmer take into account the prices and tendencies of the world market in Liverpool.

Banking Mostly Home Business

"The American banker's market is the home market. His success is conditioned upon the capacity and willingness of the American investor to absorb the securities which he offers. His very existence depends upon the confidence and co-operation of the public and of his fellow-bankers—and any banker whose activities would justly create the impression that he was actuated by cosmopolitan rather than by American interests would very soon lose that confidence and following.

"The business which he does for his own account in, with, or for Europe, is inconsiderable as compared to the business he does in America. His principal functions in relation to Europe are to provide the requisite banking facilities for export and import and for travelers. That part of his functions which consists in financing loans of foreign governments or industries has hitherto been, with sporadic exceptions, of relatively inconsiderable proportions as compared to the vastness of the volume of his transactions in financing American industry, commerce and enterprise.

Necessity for Foreign Credits

"In saying this, I do not mean to imply that there is anything that calls for apology in the floating of foreign loans in America and in the loaning of American funds to Europe, provided such loans are considered sound as to security and are made for legitimate, constructive purposes. Indeed, such loans ought to, and I believe will, be made in increasing measure, when conditions in Europe will have become such as to warrant it.

"It is manifest that the promotion of our export trade, including, of course, the export of farm products, requires us, under the circumstances as they now are and are likely to remain for some time, to aid the purchasing power of other nations by extending to them financial facilities to a reasonable extent.

"It is the function of the banker to be instrumental in carrying out such transactions. In doing so, he is the means of serving a useful national purpose, just as he served a useful, indeed a highly important national purpose, in being the means of attracting and bringing European capital to America in former years when conditions were reversed and such capital was nothing less than vital to the development of this country and the realization of its opportunities."

FOR SOUND MONEY

Senator Oddie of Nevada, chairman of the United States Senate commission to investigate the problems of gold and silver mining, has allayed the fear that Western Senators, in their zeal to aid the cause of silver, might launch an unsound money wave. "I am for sound money," Senator Oddie says. "There is no thought of bimetallism or departing from the gold standard. We desire to help the great mining industry, but not through the creation of an unsound currency."

The commission is to study and report on the causes of the continuing decrease in the production of gold and silver; the causes of the depressed condition of the gold and silver mining industry in the United States; the production, reduction, refining, transportation, marketing, sale, and uses of gold and silver in the United States and elsewhere; and the effect of the decreased production of gold and silver upon commerce, industry, exchange and prices.

COMMISSIONERS' NOTICE.

No. 17973
State of Michigan, County of Wash-

tenaw, ss.

The undersigned having been appointed by the Probate Court for said county commissioners to receive, examine and adjust all claims and demands of all persons against the estate of Lee A. Watling, late of said county, deceased, hereby give notice that four months from date are allowed by order of said Probate Court, for creditors to present their claims against the estate of said deceased, and that they will meet at Tracy L. Towner's office, in the City of Ypsilanti, in said county, on the 29th day of August, and on the 29th day of October next, at ten o'clock a. m. of each of said days, to receive examine and adjust said claims.

Dated June 29th, 1923.

FIRST BAPTIST CHURCH NOTES.

A delightful and impressive service was the result of plans carried out in preparation for the celebration of the one hundredth anniversary of the founding of the city at the morning worship hour Sunday, July 1, at the First Baptist church.

This church was organized in 1836. Met for eight years in a building on the east side and has owned three buildings one the lot where the present structure now stands. The first was built in 1847 but burned to the ground the following year. It was followed by another, built the next summer, and this was razed to make place for the present brick structure, which was dedicated in 1884.

Excerpts from the report of Dr. Daniel Putnam were read and interesting anecdotes told of the struggle to obtain this church, which was for several years the finest house of worship in the city. Mr. W. H. Sweet, who has been a member of the First Baptist church for 52 years, read the 19th Psalm from a copy of the Bible belonging to the Sweet family and which was published in 1807.

Mrs. M. A. Gill, next to the oldest member of the church, led the congregation in the prayer of consecration.

Mr. Henry Neiman, who is the oldest member of the church, is 91 years old and was on the platform together with those who had parts in the program.

Rev. C. G. Morse, who was pastor for three years, led in the reading of the responses and closed the splendid service with prayer.

Rev. Clarence S. Burns gave the message based on dates of historical interest which he called "milestones."

Miss Ellatheda Spofford, of the Normal college, sang "Like as a Heart Desireth," by Alliston. Mrs. S. P. Toles presided at the organ.

The First Baptist church was open from 11 a. m. to 8 p. m. each day of the centennial as a rest room for anyone visiting in the city for these days. Two of the women of the church were on duty as hostesses constantly during this time, each team serving for two hours.

Longest Word.

More than two months ago the "longest" word was stated in this column to be "antidisestablishmentarianism." Last week a reader in the West dug up a mate to it. His word is "antitransubstantiationism." — Grit.

SMALL TOWN HUMOR AND PHILOSOPHY

By BUCK CAMPBELL

A pessimist is a man looking at his last year's overcoat.

Side-stepping only gets you farther from where you are going.

There are so many ways to get in trouble and so few to get out.

Personality consists in having a good opinion of yourself and keeping it hidden.

The man who started out to lecture on "Shams," got mad because the printer published his notice just as it was written.

Teach your children to respect truth and virtue and that one man is as good as another so long as he keeps within the bounds of this teaching.

Macfarren Symphony Quartet
Popular Chautauqua Attraction

The Macfarren Symphony Quartet, a premier instrumental organization, under the direction of Herbert Macfarren, noted British pianist and composer, will be one of the outstanding musical attractions at the coming Redpath Chautauqua.

The Macfarren Symphony Quartet renders individual and ensemble selections from the compositions of the older masters, as well as productions of the more popular composers, through the medium of violin, viola, cello and piano. The Macfarren Symphony Quartet is an organization whose appearance here will be a distinct musical event.

Mister Man

Ever Think What a Woman Learns From Marriage?

Or what marriage gives her? And what she has to give up? You have ambitions, but how about hers? Lost often in the cookstove or the darning basket. Pretty tough! Yet would she be happier with freedom and ambitions than with a wifehood and a home?

Mister Man, you'll enjoy this one. Not a problem play—but a New Distinctive Note in Screen Entertainment.

Miss Lucile Brooks came home from Detroit Friday and left Monday in company with several others for a trip in the west five or six weeks.

Mr. and Mrs. Ernest Essex entertained Sunday for Mr. and Mrs. Fisher Darling and son, Gilbert, and sister, Miss Etta Essex.

Miss Eveline Henning, of Ypsilanti, spent the week-end with her parents, Mr. and Mrs. John Henning.

Mr. and Mrs. Clinton Hewens attended the rehearsal of the pageant Sunday evening at Ypsilanti.

NEW YORK BOASTS TITLE OF WORLD'S "TALKINGEST" CITY.

With more than 1,000,000 telephone instruments and more than 5,000,000 daily telephone calls, New York city has been appropriately dubbed "the talkingest city on the globe." By 1928, it is estimated, there will be 1,725,000 telephones in the metropolis, or nearly 2,000,000, an increase of about 75 per cent, a really colossal figure considering there were only 67,000 in 1900 and 613,000 in 1915.

Try a RECORD Liner

WAGE SLAVES.

By F. A. Perry.
There is a great hue and cry from certain quarters these days about our modern "wage slaves," meaning, of course, laboring men.

Men who hired out to work, receiving for their toil the compensation agreed upon, are said to be mere "wage slaves," in fact, but little above the men who were brought and sold in the market places of past years.

We confess our inability to understand the reason for such comparisons, unless these advocates of revolution would have us regard every man who works for a living as a "slave," and unless they are trying to outlaw all honest toil.

But what are the facts in the case?

Is the man a slave who has the right to vote upon all questions relative to the affairs of his city, state and nation?

Is the man a slave who owns his own home, and is the head of one of the families which make up the community in which he lives?

Is the man a slave who is privileged to choose his place of employment and to sell his labor where it will bring him the largest returns?

Is the man a slave, the members of whose family mingle on a social equality with the people of his neighborhood?

Is the man a slave whose children attend the public schools, and receive the same instruction, and enjoy the same educational opportunities that are afforded to all other children?

Is the man a slave who owns stock in the industry in which he is employed, and thereby has a voice in shaping its policies?

Is the man a slave who can return to his fireside at the close of the day, for an evening at home, or with his family, enjoy entertainment in the public parks, or in places of amusement of his own choosing?

Is the man a slave who by the use of his brains and by his industry is privileged to climb to the highest positions in the factory where he is employed?

Is the man a slave who can say truthfully to his son, "Study hard, my boy; you may be the president of the United States some day."

All of the above and much more applies to the average American workman, whose standard of living is unexcelled in any nation and whose liberal wages is enabling him not only to lay aside money for the future but also to secure interest in the industries of the community.

Let any reasonable person turn over the pages of history and read from the record there the meaning of the word "slave." Let him contrast for one moment the condition of the poor, ignorant human being who possessed nothing, received nothing, and could hope for nothing, the human slave of past days.

let him compare, we repeat, the state of such a poor unfortunate with unlimited opportunities presented to the American laborer, and he will never again apply the term "slave" to the workers in American industries, moreover, if he is sincere, he will forever close his ears to the asinine ravings of the radical agitators who are insulting the employed men of today by branding them "wage slaves."

There are 15,000,000 poles now in use in the Bell telephone system and additions and improvements call for 750,000 new poles each year.

Sixty-four percent of the wire mileage owned by the Bell system is in underground conduits.

During the first nine weeks of 1923 the Western Electric company shipped three billion eight hundred million conductor feet of lead-covered telephone cable to the operating companies of the Bell system.

WAMPUM SOUND!

By SAMUEL H. BEACH,
President, Savings Bank Division,
American Bankers Association.

Although the United States is today upon a solid gold basis, we nevertheless know of our own knowledge what inflation means. It would take long to recall in detail the bitter experiences which this nation suffered during the Civil War and the years which followed it, and in our present easy condition we might think such conditions could never again arise. But with such men as Henry Ford and Thomas A. Edison talking about commodity money there is no foretelling what may happen.

One of the plainest lessons taught by financial history is that whenever a nation issues paper money with nothing back of it, that nation is on the road to disaster. Look at Russia with its worthless rubles and Germany with its worthless marks. Think of what happened in France during the years immediately following our Revolutionary War.

The common people of France rose in their might, tore down the Bastille, and made reprisal for centuries of kingly crime and oppression. The profligate court had piled up taxes until they were unbearable. The enraged populace killed King Louis XVI, and also his queen, Marie Antoinette. But they only threw themselves out of the frying pan into the fire so far as finances were concerned.

Unsound Money Tyranny

At the very worst point of their currency inflation they found themselves under the absolute domination of Robespierre. In order to meet the growing scarcity of coin, paper money called assignats were issued. First 400,000,000 francs worth, then 800,000,000 were added with the distinct understanding that the 1,200,000,000 would be the full extent of the issue. This pledge was soon broken and further issues brought the total up to 3,700,000,000 francs.

Frightful depreciation was the inevitable result; and legislation was passed making it a crime, with six years' imprisonment as the penalty, if any one should refuse to take the paper assignats at their face value. Just think of it! A French peasant after working the entire year to produce a crop was compelled by law to accept payment for that crop in paper money, which he knew to be worthless, or go to prison.

It was simply legalized robbery. When the penalty was increased to twenty years imprisonment the inevitable climax came. The Reign of Terror was at its height. Robespierre was in supreme power. He suggested that more assignats be issued and if the people did not take them the guillotine should be the penalty.

Robespierre's End

This unheard of outrage was more than the people could stand. An unknown man arose on the floor of the convention and denounced Robespierre, reciting the heinous crimes he had committed, and so worked upon the feelings of the audience that Robespierre, the tyrant, became Robespierre, the convicted criminal. Two days later he was led to the guillotine. France had learned her financial lesson well—that money must have value back of it.

The fallacy of unsound money is sure to confront us again. Never is there enough of everything for all the people. The struggle for existence is a real struggle, and those who find themselves in the lower strata of human society are ready at any time to grasp at flat money or any of the other things which misguided politicians hold out to them.

My whole purpose is to drive home the fact that danger lies ahead and to urge every one to let no opportunity go by to use voice and influence toward keeping the wampum of these United States, as it is today, the soundest currency in the world.

SOME BANK SALARIES

Investigations made by the Missouri Bankers Association have revealed that 368 banks in the state in towns of under 2,000 population are paying their cashiers and chief executives an average of only \$110 a month. Only 273 of the 1,162 reporting banks in towns under 5,000 population pay the president a salary. The report says: "It indicates that, even allowing for the economy of living in small communities, the cashiers and managing officers of those 1,162 banks, who receive an average of \$140 per month, either must have personal means to begin with, or must maintain the standards necessary to their positions as the leaders of their communities and the builders of the commonwealth by means of 'side lines,' such as selling insurance, collecting commissions on farm loans, and trading in real estate."

LUCK IN DISCOVERY OF SONG

Melody Forgotten for Years Made Distinct Hit and a Million Copies of It Were Sold.

This is the story of a popular song which narrowly escaped a tragic fate. If for you there is no music save that of Wagner or Beethoven or Grieg, you will not shudder as you read this tale, but if your taste runs to the melodies the office boy whistles you probably will, for the song is a lilting, haunting little thing which, no doubt, you have whistled yourself.

Seven years ago, says the New York Sun, the song was submitted by an unknown composer to a large concern of music publishers. It was accepted and copies of it were printed. Then all trace of it was lost. Several months ago a song "plunger" came across the bundle of copies in the recesses of a storeroom, still wrapped as they had come from the printers. Breaking open a package, he glanced at the contents. The song was unfamiliar to him who had "plugged" all the "sure-fire hits" of the firm for ten years or more.

He tried the song on a piano. It was a "sure-fire hit" with him, and he traced its story through the copyright dates and the firm's records. The next day the company's "pluggers" were busy with the song. Today a million copies of it have been sold and echoes of it have gone trippingly down the corridors of time.

Holiday Store.

I do not know whether I help my plane tree, but I do know that my plane tree helps me. . . . One glance at its gentle gestures opens up the vista and the vision of the great company of green angels far away. Some where is a paradise where the sky is not slashed and wounded by the sharp edges of roofs. I can see the little woods sleeping on the breast of the little hills. I can follow the flight of the old rooks as they come home at sunset. I can see the brown water sliding under the thirsty willows. I can watch the long, delicious shudder of the lake of corn as the wings of the wind caress it wistfully while it sleeps in the arms of the sun shine. . . .

One ought to board one's moods for the empty days when no moods come. After the retreat or vigil which a true holiday ought to be one ought to have a store of garnered emotions hidden in a hollow of the memory.—James Douglas.

Protecting Woodwork.

To prevent the woodwork behind a stove or range scorching, wash the wood with liquid asbestos paint, mixing the paint at home in this way: Three parts gumlac, four parts sodium borate, seven parts powdered asbestos, two parts water. Heat the water, add the gumlac and borate and when all have been dissolved stir in the asbestos. Half a dozen coats of this mixture, dried between the applications, are not too many, and will last indefinitely.

Fooling 'Em.

Old Aunt Sally enjoyed a wide reputation among her acquaintances in Virginia for all the household virtues of cleanliness. Once, however, in order to sustain that reputation, she admitted resorting to deception.

A neighbor in passing discovered Aunt Sally industriously scrubbing her piazza floor and sought an explanation.

"Well," said Aunt Sally, "I kinder thought of folks sees this piazza clean they wouldn't suspect how mah kichen looks today."—Los Angeles Times.

ORDER OF PUBLICATION.

State of Michigan, County of Washtenaw, ss.

At a session of the Probate Court for said County of Washtenaw, held at the Probate office in the City of Ann Arbor, on the 23rd day of June, in the year one thousand nine hundred and twenty-three. Present, Emory E. Leland, Judge of Probate. In the matter of the estate of Esther M. Curtis, deceased. On reading and filing the duly verified petition of Lydia A. Hall, niece, praying that administration of said estate may be granted to Tracy L. Towner or some other suitable person, and that appraisers and commissioners be appointed. It is ordered that the 19th day of July next, at ten o'clock in the forenoon, at said Probate office, be appointed for hearing said petition.

And it is further ordered that a copy of this order be published three successive weeks previous to said time of hearing in The Ypsilanti Record, a newspaper printed and circulated in said County of Washtenaw.

(A true copy)

MORTGAGE SALE.

Default having been made in the conditions of a mortgage bearing date April 10, 1897, given by Lodge Number four of the order of Good Samaritans and Daughters of Samaria by James H. Kersey, Elias S. Rouse and Julia Norris, its trustees, to George W. Gill, recorded in the office of the Register of Deeds for Washtenaw County, State of Michigan, in Liber 92 of Mortgages, on page 24, on the 12th day of April, 1897, upon which mortgage there is claimed to be due at the date of this notice for principal, interest and attorneys' fees, as provided for in said mortgage, the sum of one hundred seventy-six and 60-100 dol. No proceeding having been taken to collect the amount due on said mortgage or any part thereof, notice is hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises at public vendue to the highest bidder on the 14th day of September next at 10 o'clock in the forenoon, Eastern Standard time, at the southerly front door of the Courthouse, in the City of Ann Arbor, Washtenaw County, State of Michigan, that being the building in which the Circuit Court for the County of Washtenaw is held, to satisfy the amount claimed to be due on said mortgage and all legal cash, to wit: Lot four hundred and seventy-nine in Post and Larzeler's addition to the Village (now city) of Ypsilanti, Washtenaw County, State of Michigan.

Dated June 18, 1923.

STATE OF MICHIGAN.
The Circuit Court for the County of Washtenaw. In Chancery.
Frederick M. Greenstreet and Irene M. Greenstreet, Plaintiffs, vs. Priscilla Sherwood, Rosina Plank, Elizabeth B. Abby, John Foster and John R. Walker and their unknown heirs, devisees, legatees and assigns, Defendants.

At a session of said court held at the courthouse in the City of Ann Arbor, in said county, on the 11th day of June, A. D. 1923. Present, Hon. George W. Sample, Circuit Judge.

It appearing by the bill of complaint on file in said cause, duly verified, that the plaintiffs do not know and have been unable to ascertain, after diligent search and inquiry, the names of the persons who are included as defendants therein without being named, and further that it can not be ascertained in what state or country the said defendants, or any of them, reside; therefore, on motion of Floyd E. Daggett, attorney for the plaintiffs, it is ordered that the said defendants, and each of them, cause their appearance to be entered in said cause within three months from the date of this order.

This suit effects the title to the following described premises situated and being in the City of Ypsilanti, County of Washtenaw and State of Michigan, and described as follows, to wit: The west four-fifths of Lot No. Five of the Original Plat of the Village (now city) of Ypsilanti, according to the recorded plat thereof.

THE SECRET OF WHY SOME MEN OBTAIN CREDIT, BUT OTHERS CAN'T

Various Meanings of Credit—The Way Character Begets Confidence and Opens the Way to Trust—Thrift and Honesty the Basis of Banking.

The secret of why some men can readily obtain credit, while others are unable to borrow a cent, is disclosed in the present article prepared by the Committee on Public Education of the American Bankers Association. It tells an interesting story of how a man of forty, of good reputation and fair success, was nonplussed by his inability to borrow and had to pass up a good opportunity.

Banks are said to deal in credit. The word "credit" has various meanings. When you deposit money, your account receives "credit" for that amount. When a man borrows money on his note at the bank, he is granted "credit." When a railroad, a manufacturing concern, a town, or a government, issues bonds, it uses its "credit." When anyone buys goods without paying cash, at the time of purchase, "credit" is granted. Without credit, our present day business system could not exist.

Banks are said to deal in credit. The word "credit" has various meanings. When you deposit money, your account receives "credit" for that amount. When a man borrows money on his note at the bank, he is granted "credit." When a railroad, a manufacturing concern, a town, or a government, issues bonds, it uses its "credit." When anyone buys goods without paying cash, at the time of purchase, "credit" is granted. Without credit, our present day business system could not exist.

Credit is possible only where people have confidence in each other, and confidence can exist only where good character exists. Every successful business man looks upon his credit standing as a most valuable asset, and he maintains it by square dealing. To get credit a man must pay his debts, or it soon becomes known he is not of good character and not worthy of confidence. Those from whom he would buy refuse to trust him and the banks decline to grant him credit. Then come business failure and a long uphill fight to get on his feet again and live down the past.

More Than Honesty Needed
Honesty is not the only factor involved in credit. For instance, Mr. Jones, a man of forty, of excellent morals, who has enjoyed a fair income for many years, sees an opportunity to purchase a business. He requires financial assistance. He calls on a banker and asks for the necessary credit. The banker asks the nature of the business, what it will cost, and what Mr. Jones can command in ready money, or other resources, but learns that he has no money or property of his own.

It is clear that Mr. Jones lacks ability to manage his affairs wisely. He has not had enough strength of character to save money by adapting expenses to income, and therefore has not proved that he could make financial progress. Moreover, if men do not invest some of their own money in the business they usually lack incentive and become easily discouraged. It would be unwise for anyone to assume such a financial risk, and Mr. Jones probably would fail to get credit from the bank. He must give up his opportunity to some one else who has saved money.

Banks are public servants, but that does not obligate them to serve those who are unfair in business or lacking in the great principles underlying success. To be known as a careful and thrifty person is the best assurance that the bank will extend financial help when needed.

Many people think that one should shun debt like the measles. They fail to distinguish between wise and unwise debt. It is wise to use credit, that is, go into debt, to buy a home. Such debt encourages thrift. A student may wisely borrow money needed to complete his education. It is an investment that should pay dividends in greater success. Another wise use of credit is borrowing to buy good bonds, such as Liberty Bonds, paying \$20 down, borrowing

from all

Peru is the first country in Latin America to reorganize its banking system according to Federal Reserve principles by the enactment of the Federal Reserve Act of Peru to develop the country's resources along modern lines of financing. Peru's new banking system is modeled after the United States Federal Reserve, with modifications such as the banking conditions and general financial situation there require. It provides for the creation of a Federal Reserve Bank in Peru. The directorate of this bank is to be composed of nine members, three of whom are to be designated by the Government and the other six are to be elected by the member banks.

COUNCIL PROCEEDINGS
COMMON COUNCIL

Ypsilanti, Mich., July 2, 1923.
Regular meeting of the Common Council held on the above date.
Mayor E. R. Beal presiding.
Present—Ald. Smith, Horner, Moorman, Switzer, Max, Schneider—6.
Absent—Ald. Ordway, Ableson, Holmes, Beck—4.
Quorum present.

There being no corrections to the minutes of the last regular meeting, June 18, 1923, they stand approved as printed.

Mayor Beal called attention of the Council to a change in the order of business, and if there were no objections, the Council would proceed under Claims and Accounts to the payment of bills.

There was no objections.

Claims and Accounts.
Bills presented for payment at this meeting in the different funds are as follows:

Water Works Fund \$2,526.73
Contingent Fund 1,249.74
Fire Department Fund 584.73
Street Light Fund 1,125.77
Sewer Fund 647.98
1st Dist. Sewer Fund 347.26
Rest Room 92.43
1st Dist. Highway Fund 189.30
2nd Dist. Highway Fund 118.55
3rd Dist. Highway Fund 21.40
4th Dist. Highway Fund 8.40
5th Dist. Highway Fund 41.30
Poor Fund 53.00
Park Fund 256.67
Sewer Connections 165.70
Bridge Fund 114.75
Sinking Fund 3,397.50
Sidewalk Fund 189.27
Library Fund 200.00
Paving Fund 1,178.35
Police Dept. 493.88
Hospital 1,396.10
Gas Dept. 6,345.45
Street Repair 100.55

By Ald. Moorman—
Resolved, That all bills properly signed by the commissioners and committees be considered read and that orders be drawn on the various funds to pay the several bills.

Ayes—Ald. Horner, Moorman, Switzer, Max, Schneider, Smith—6.
Nays—None.
Absent—4.

Carried.

By Ald. Max—

Resolved, That the labor bills of the Third District Highway signed by the Street Commissioner be

approved by the Council and ordered paid.
Ayes—Ald. Switzer, Max, Schneider, Smith, Horner, Moorman—6.
Nays—None.
Absent—4.
Carried.
By Ald. Moorman—
Resolved, That the Council do now adjourn to meet at Council Hall Friday, July 6, 1923, at 7:30 o'clock p. m.

H. C. HOLMES,
City Clerk.

SONS OF VETERANS HOLD REGULAR MEETING.

The Sons of Veterans held their regular business meeting at the G. A. R. hall Thursday evening. The Daughters of Veterans served a banquet at 6 o'clock. At the meeting following the names of Charles T. Newton and Frank Paine were voted upon favorably for admission to the order. One candidate, Elmer Stitt, was initiated. It was planned to have as many old veterans as possible of the war of '61-'65 ride in the centennial float carrying the old guns used at that time.

TRUCK SOLD AT CONSTABLE'S SALE.

Constable Ernest Maddux sold at constable's sale a truck Saturday morning that had been attached by Herman Smith for storage. The car was left there by John Gribben.

COMMISSIONER OF SCHOOLS URGES SCHOOL TO OPEN SEPTEMBER 4.

According to Evan Essery, commissioner of schools, the annual meeting of the county school boards will be held Monday, July 9, before which time each school board is required by law to meet and settle up the affairs of the district for the current school year. Among data included in the report are all facts on taxes, bonds, the school census, school property, including, decorating, shades, curtains, condition of floors, seats, etc. Commissioner Essery urges that when teachers sign their contracts that they make the opening date of school Tuesday, Sept. 4.

Great Advantage Over Taxes.
We may be sure of death and taxes, but death only bothers us once.—Columbus Missourian.

HORSE DISCLOSED RICH MINE

Uncovered Treasure at Rammelsberg, Where the Devil Is Said to Have Really Worked.

In the Tenth century, so legend has it, Otto I, arriving at his castle in the Harz and finding the royal larder short of venison, sent his hunter Ramm out to the forest to kill a deer. The winter snows were on the ground, and the hunter soon found a fresh track which he followed far up into the mountains. As the way became steeper he was forced to dismount from his horse, which he left tied to a tree, and to follow his quarry on foot. The chase was a long one; and the high-spirited steed, left alone in the cold, impatiently pawed the ground, scraping away the snow and earth and laying bare the rock beneath.

When Ramm returned from his pursuit of the deer he was astonished at the glint of metal beneath the hoofs of his horse, and he hastened to collect pieces of the ore—the first specimens to be taken from the Rammelsberg. The delight of King Otto at the discovery was great; and he rewarded his hunter by giving him a golden chain, worth 1,000 ducats, and by naming the mountain "Rammelsberg," to perpetuate his retainer's name.

Miners say that the devil once really worked in the Rammelsberg, and the "Devil's Pit," as it is known, may be seen there today.

RECORDED FROST IN JUNE.

Remarkable Occurrences in the Year 1816 Are Recalled by a New York Newspaper.

The year 1816 has gone down into history as the year of "eighteen hundred and froze to death." Not much authentic information exists concerning it, but the popular name suggests a great deal. A paragraph in Thompson's "History of Vermont," declares that frosts occurred every month of the summer and that snow fell every month of the year. June 8 snow fell to a depth of five or six inches and ice nearly half an inch thick formed on shallow ponds. Another report declares that a great many head of stock perished.

In middle and northern New England crops of all sorts were severely injured or destroyed. In the middle Atlantic states there was great damage, but statistical information concerning the extent of damage is not available.

The cause of the cold spell is thought to have been the great amount of volcanic dust that filled the air, intercepting the heat of the sun, and inasmuch as the years 1812-1816 were years of great volcanic activity this explanation is plausible. A dust haze intercepts a great deal of the sun's heat.—New York Herald.

Charles Dickens' Dogs.

In a recent article on "A Dickens Zoo," Mr. L. R. Brightwell points out that in a vast array of books about Dickens it is rather surprising to find few references to animal characters. The great novelist was, of course, an ardent dog lover. His letters are full of references to his canine friends, and his home at Gads Hill was never without at least two of them—usually dogs of imposing stature and deportment. We find several references to Turk and Linda, and some amusing passages about the little terrier whose troubles parasitic will be a source of sympathetic merriment to every dog lover. Scarcely a volume of the novels and essays is without its "doggy" hero—Gyp in "David Copperfield," Lion in "Little Dorrit," Diogenes in "Dombey and Son," Sikes' nameless cur in "Oliver Twist," Boxer in "The Old Curiosity Shop" and "Cricket on the Hearth," Merrylegs in "Hard Times," Jerry's dogs in "The Old Curiosity Shop," and "The Uncommercial Traveler" is rich in dogs of all sorts.

Testament Ignores Hen.

Poultry and hens' eggs were late additions to the human cuisine, in spite of the large part they now play in our dietary, says H. G. Wells, in a footnote in his "The Outline of History." The hen is not mentioned in the Old Testament, although there is allusion to the egg in Job, nor by Homer. Up to about 1,500 B. C., the only fowls in the world were jungle denizens in India and Burma. The crowing of jungle cocks is noted by Glasfurd in his accounts of tiger shooting as the invariable preliminary to dawn in the African jungle.

Probably poultry were first domesticated in Burma, says the author. They got to China, according to records, only about 1100 B. C. They reached Greece via Persia before the time of Socrates. In the New Testament the crowing of the cock reproaches Peter for his desertion of the Master.

Breathing Exercises for Adenoids.

An Italian, Doctor Brisotto, contends that the value of breathing exercises both before and after operation for adenoids is not sufficiently recognized. He gives data showing, as tested by the spirometer, the great improvement in respiration which follows a course of special breathing gymnastics. Before the exercises he instills a few drops of mentholated oil into the nostrils. His aim is to draw attention to the necessity of carrying out appropriate exercises if the best results are to be got from the removal of adenoids, especially between the ages of six and twelve years.

Oldfield Cord Tires are race tested—holding all of the track records made in the past three years.

Oldfield Cord Tires are road tested—in the Wichita, Kansas, Economy Road Test, in the winter of 1922, the official record showed a set of Oldfield Cords had traveled 34,525 miles before the first tire gave way. And this is only one of many instances of unusual highway performance.

Oldfield Cords are built by one of the largest tire manufacturers, who must maintain the established reputation of these remarkable cords.

Here are the biggest tire and tube values ever offered by anyone. Come in today. Buy your tires now before our stock is exhausted. Purchase from a regular tire dealer, located near you. We stand behind these tires and are ready at all times to give you prompt service.

Our Day of Independence

The eagle, tearing its nest from high in the craig and dashing it into the abyss below that her young may learn to fly, or die—that is the dauntless symbol of our Nation.

Wednesday Earth's Greatest Nation celebrated its birthday.

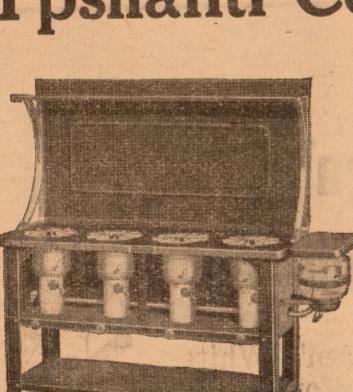

One Hundred Forty-seven years ago America's forefathers flung free to the world the Eagle's challenge—then Liberty was born.

Since July Fourth, that distant day, garments of glory have been woven for America's Sons; great victories have been won on the field of industry, commerce and

finance; from out the crucible of other wars great spirits sprung.

But the deeper significance of the day smolders in American hearts, and when the sound of blowing horns, ring bells and revelry dies down, the whole Nation thrills with its sense of Independence and lives again the scenes that have made possible our life-long Liberty and Freedom.
